JT Sangria

1 1.5 Liter Riunite Lambrusco Emilia Wine
(screw top, it's cheap)
2 Oranges
1 Lemon
1 Lime
½ C sugar
1 C Myers Dark Rum
2 Cans Ginger Ale

In a 1 gallon container place cut 1/8 sliced oranges, lemon and limes into container, mix sugar and rum, add to container, add wine and refrigerate. Add ginger ale just before serving. Makes 1 gallon.

NOTES:

The longer you soak the fruit in the rum, the less rum flavor. Two hour soak is about best.

If you have a little more time heated the rum and dissolved the sugar, allow to cool, then assemble together.
